jchen873@connect.hkust-gz.edu.cn

Education

Jinhe Center for Economic Research, Xi'an Jiaotong University Xi'an, China
B.S. in Mathematical Economics and Finance, GPA 3.5/4.3 2021 - 2025

- Received training in mathematics, economics, finance, and statistical analysis.
- Developed a foundation in quantitative research, data analysis, and interdisciplinary problem modeling.

Peking University and University of Chicago Summer School Beijing, China
International Policy and Action Lab 2023.07 - 2023.08

- Completed coursework in applied econometrics, with training in policy evaluation, causal inference, and empirical research methods.
- Final grade: 91/100.

Hong Kong University of Science and Technology (Guangzhou) Guangzhou, China
MPhil in Information Hub, AI Thrust, GPA: 3.7/4.3 2025 - 2027(expected)

- Advisor: Hao WANG
- Research interests: LLM agents and multi-agent systems.

Publications

1. **Scientists Moving across Borders during the Pandemic**
   Meijun Liu, Weiping Li, **Junliang Chen**, Yi Bu.
   Conference on Science and Innovation Policy 2025 (Accepted).

2. **"Law at Your Fingertips": Understanding Legal Information Seeking on Video-Sharing Platforms in China**.
   Zhiyang Wu, **Junliang Chen**, Qian Wan, Qing Xiao, PiaoHong Wang, Ge Gao, Zhicong Lu.
   29th ACM Conference on Computer-Supported Cooperative Work and Social Computing (CCF-A, Accepted).

Research Experience

RA, Fudan University | Shanghai, China 2024.02 - 2024.12

- Advisor: Meijun LIU
- Investigated the cross-border mobility patterns of AI talents during the COVID-19 pandemic.
- Processed over 10 million publication and address records using Python, Geopy, and LLMs.

RA, City University of Hong Kong | Hong Kong SAR, China 2024.05 - 2024.09

- Advisor: Zhicong LU
- Studied legal influencers and legal information-seeking behavior on Chinese short-form video platforms.
- Conducted semi-structured interviews and thematic analysis based on 20 users.

MPhil Student, HKUST(GZ) AI Thrust | Guangzhou, China 2025.08 - Present

- Advisor: Hao WANG
- Conduct research on LLM agents, multi-agent collaboration, and agent memory mechanisms.
- Focus on complex task planning, collaborative decision-making, structured experience reuse, and agent behavior evaluation.

Project Experience

Structured Experience Memory for Multi-Agent Collaboration
Guangzhou, China 2025.11 - Present

- Explored the limitation that flat memory banks in multi-agent tasks struggle to represent prerequisite, improvement, and composition relationships among skills.
- Investigated organizing historical experience into a structured Skill Graph for LLM-based multi-agent systems.

Surreality2.0: Cross-Region MR × AI Art Exhibition
Guangzhou, China 2026.03 - Present

- Developed an AI voice guide system for Surreality2.0, the world's first large-scale cross-region MR × AI art exhibition.
- Designed a Siri-like interaction pipeline integrating speech recognition, intent understanding, retrieval, and LLM-based response generation.
- Built navigation and artwork explanation functions to support interactive exhibition experiences.

Awards

National First Prize, Chinese Language Newspaper Cup Writing Competition 2020

National Second Prize, Ye Shengtao Cup Writing Competition 2020

Other Experience

Teaching Assistant, Text Analysis and Natural Language Processing 2023.11 – 2023.12

Statistical and Causal Inference Lecture 2024.06

Computational Social Science Lecture 2024.07

Leadership Activities

Xi'an Jiaotong University Debate Team
Member 2021.09 – 2022.06
Champion of the Xi'an Six-University Debate League
Outstanding Debater Award

Xi'an Jiaotong University Magazine
Head of Editorial Department 2022.09 – 2023.06
Responsible for manuscript review, editing, content coordination, topic planning, and quality control

Skills

Programming: Python, C, R, Stata, JavaScript, HTML/CSS

Frameworks & Tools: PyTorch, Docker, Linux, Git, GitHub

Research Areas: LLM Agents, Multi-Agent Systems, Agent Memory, Computational Social Science

Languages: Chongqing dialect (Native), Mandarin (Fluent), English (Fluent), Cantonese (Intermediate)
